# How the Army LMS Will Affect Schools

- As the LMS is fielded, there are significant operational impacts that will affect all aspects of Army training, for example:
  - How classes are scheduled
  - How resources are catalogued and allocated to course iterations
  - How courseware is designed and loaded onto the LMS content server
  - How student progress is monitored, recorded and archived
  - How each proponent will transition from their unique LMS methodology to the common system

# Transitioning to the Army

## LMS

- Preparations are being implemented to smooth the transition to the new LMS
- Here is what is available at [www.tadlp.monroe.army.mil](http://www.tadlp.monroe.army.mil) for the transition:
  - Policy memorandum
  - Concept of Operations document
  - Fielding plan
  - Training Standing Operating Procedures
  - Online training tutorials in vignette format
  - User manuals
- The transition will only be as good as the preparations each schoolhouse invests
